* DKK migrates to TARGET2 on 22/4/2025, 1 May remains a DKK business day, hence TARGET2 is open for DKK but closed for EUR. As one T2S currency is open in its RTGS, T2S is open on 01/05/2025. FOP settlement, both X/N, and record dates for corporate actions and positions are available on days when T2S is open, regardless the opening days of the RTGS systems. For FOP on N-account the withholding tax transaction when applicable will have the next open RTGS business day as ISD.
